MEMBERSHIP 2024

3 IN 1 MEMBERSHIP

When you join the HBA, you automatically become a part of the Texas Association of Builders (TAB) and the National Association of Home Builders (NAHB). You have the backing of not only your 290 local members, but over 140,000 state and national professional members fighting for our industry. It is not just who you know, it's who others know that can make a difference in your business.

ADVOCACY

The HBA of San Angelo is the advocate for the housing industry in the Concho Valley. As the voice of the building industry, the HBA is deeply involved with the City of San Angelo and local building officials. We work hand in hand with local governments and other organizations to ensure that the homebuilding process is predictable, reasonable, and affordable. We also work closely with our state and national associations.

SAVINGS

Membership in the HBASA can pay for itself through a variety of discount and rebate programs available through TAB and NAHB. As a member, you receive a Member Information Center Page that gives you an increased web presence, a place to show off your work, and a place for potential customers to request bids. You are also featured in our yearly buyer's guide and online business directory. The HBA's advocacy efforts with state and federal regulatory agencies have provided our members with thousands of dollars in either reduced costs or increased revenue. Need legal advice? Help is just a phone call away. As a member, you receive all this and more!

PROMOTION

Members immediately get access to our resources, networking opportunities, discounts, educational programs, marketing events, and community service projects. Partnering with the HBA is one of the most effective marketing strategies your company can use. No other organization can help you promote your brand, build relationships, develop business leads and increase sales better than we can! The HBA can provide exposure and networking opportunities to help you build relationships within the industry. Our members take their pledge to "do business with a member" seriously and that means more opportunity, more collaboration, and more referrals for your business!
